An advanced form of sentinent life.

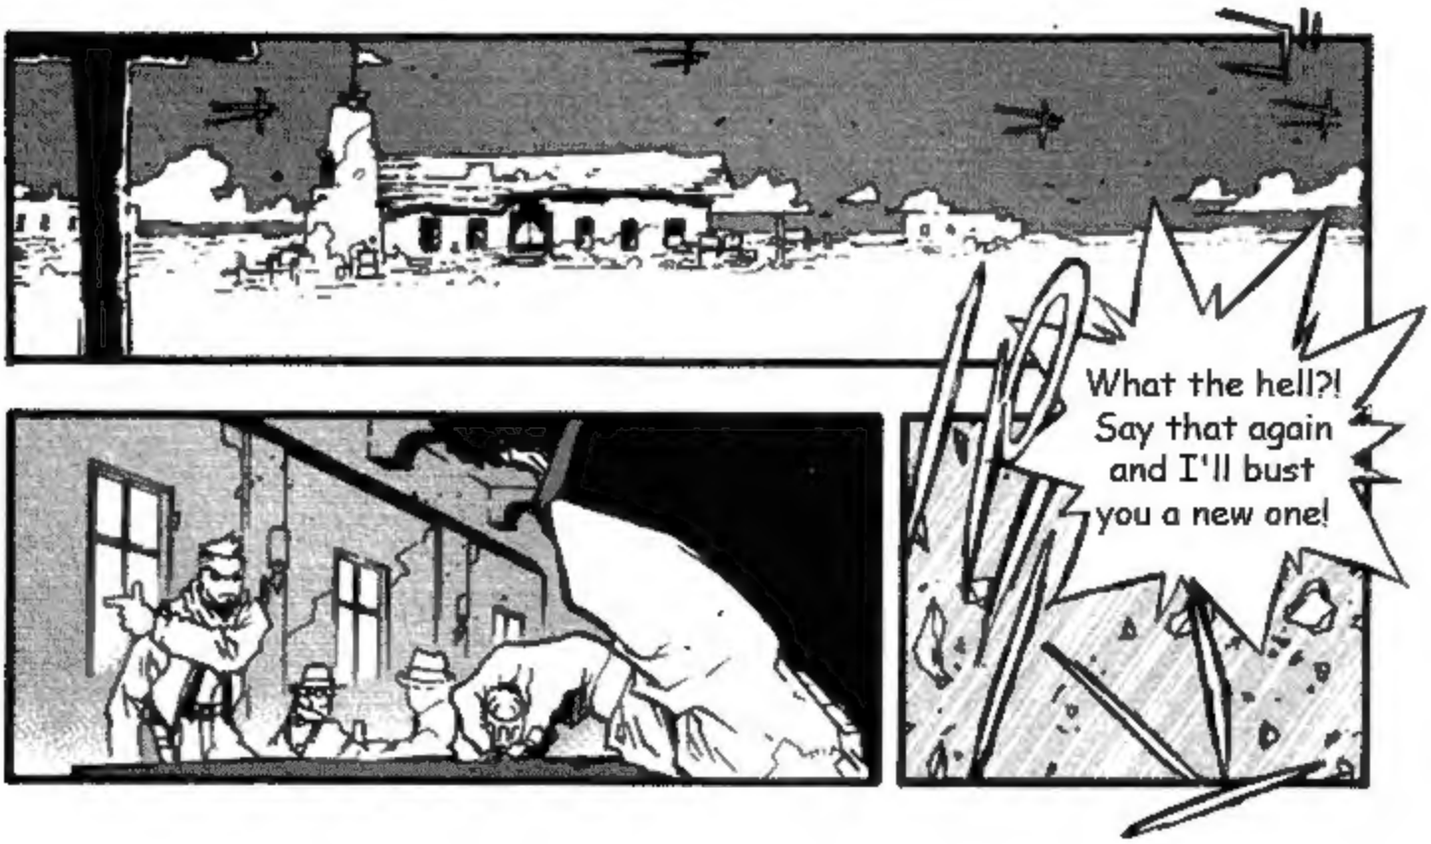
They are "Plants."
They seem to be immortal...
AAAAAAAHH!!!

#1 The Gunslinger



All this shit about worth-iness... Murdock!!
You'll regret turning me down!
Don't you tell me what to do, gunsmith!
...
...
...
I don't make guns anymore.
Give it up, boy.
Watch it, buddy!
Oh, it's just you...
Long time no see, lightnin'!

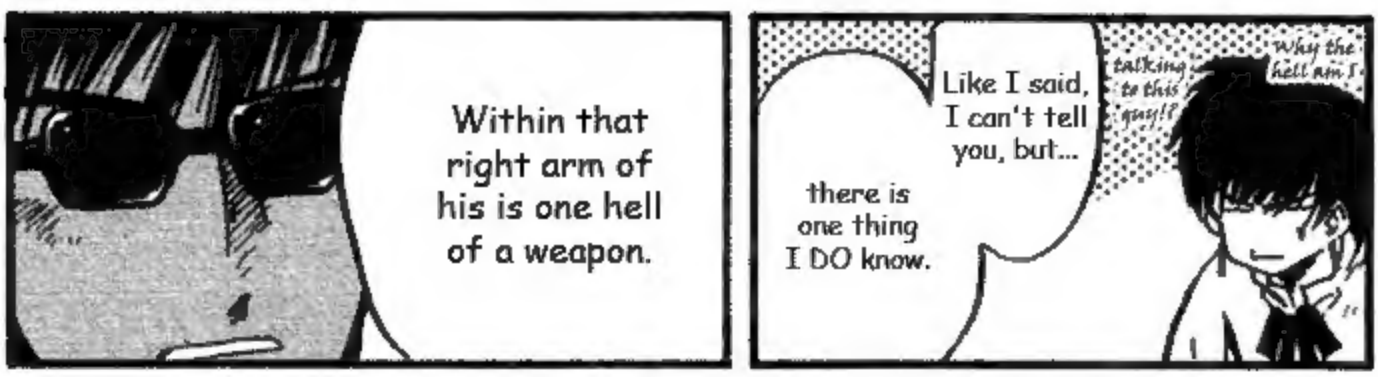
Eh?
Why the long face?

You can have some if ya want, this curry kinda stinks.
I don't seem to have much of an appetite...
I'm really not hungry.

All those scary wings and stuff...

Well, I understand that.
...
...
...
Tongari, huh?

What, no, who said that?
You mean you know?!
To find out what those wings were.
A normal person would ask, though ...
Well,
even if you DID ask, I couldn't tell ya.
Huh?
Don't you want to know what he is?



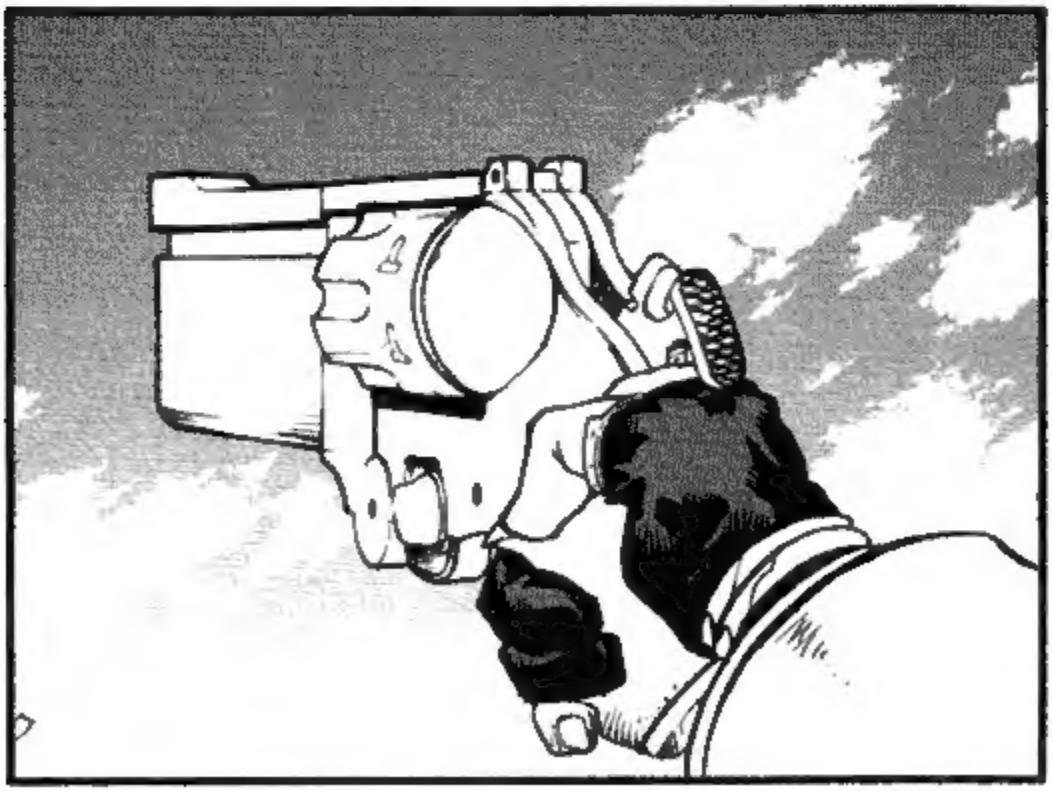
Within that right arm of his is one hell of a weapon.
there is one thing I DO know.
Like I said, I can't tell you, but...
Why the hell am I talking to this guy!?

You know what a peace-monger that guy is...
Twice, we have been stricken by calamity.

Got it?
By following him, you put your own life at risk.
But despite that, he's still a time bomb just waiting to explode.

Just do it while you still can.
Get back to your office and excuse yourself from this case.

for that cute little partner of yours.
This isn't the place...



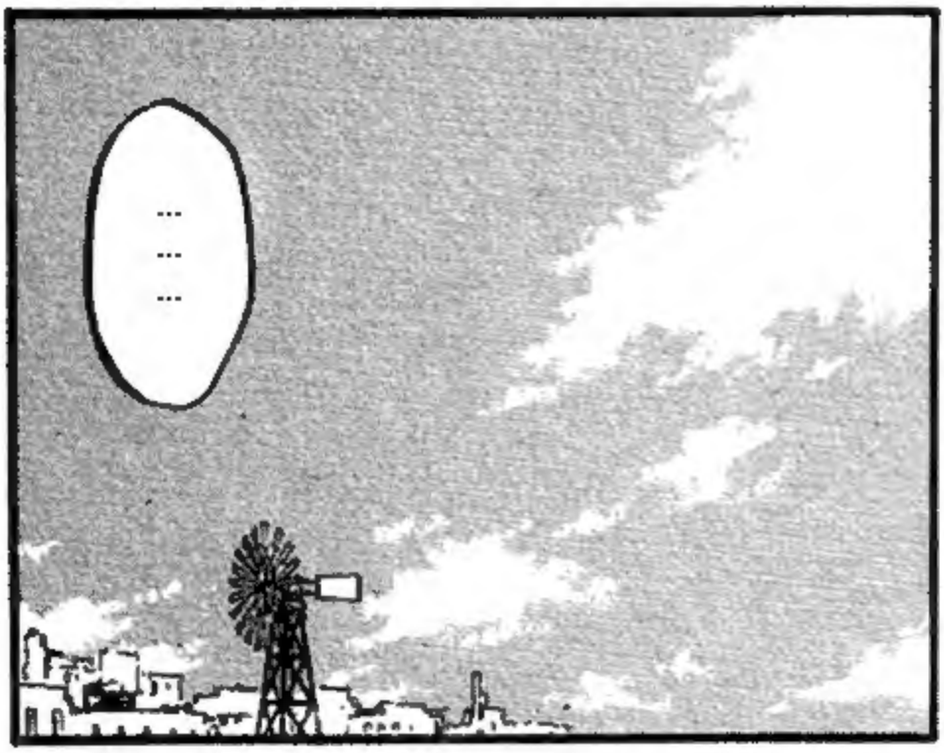
Definitely not in a condition to use.
That thing's in bad shape.
I get it...
I'll have it done by tomorrow.
Jerkass. You have some balls just to show up here like that, ya know?
Eh?
Can you handle it, Brandon?
...
...
...

What kinda life is that, saying goodbye to the "Dew of Life?"
Eh?
Unlike my pop. Now he was a TRUE drunk.

I'll stake my name as the legendary gunsmith on it!
No sweat!

I'll leave it to you, Marlon.

I'll have the adjustments done in no time.
Here's a replacement for the meanwhile.



...
...
...

It's unbelievable! He gave me, the sheriff, the cold shoulder... just to make a whole new gun for a total stranger!
Who protects this town for him? WHO!?
I can't friggin' take this!

Dammit!
Just make your first right and go straight.
Hey, Murdock, settle down. We have a lady present.
The post-office is thataway.

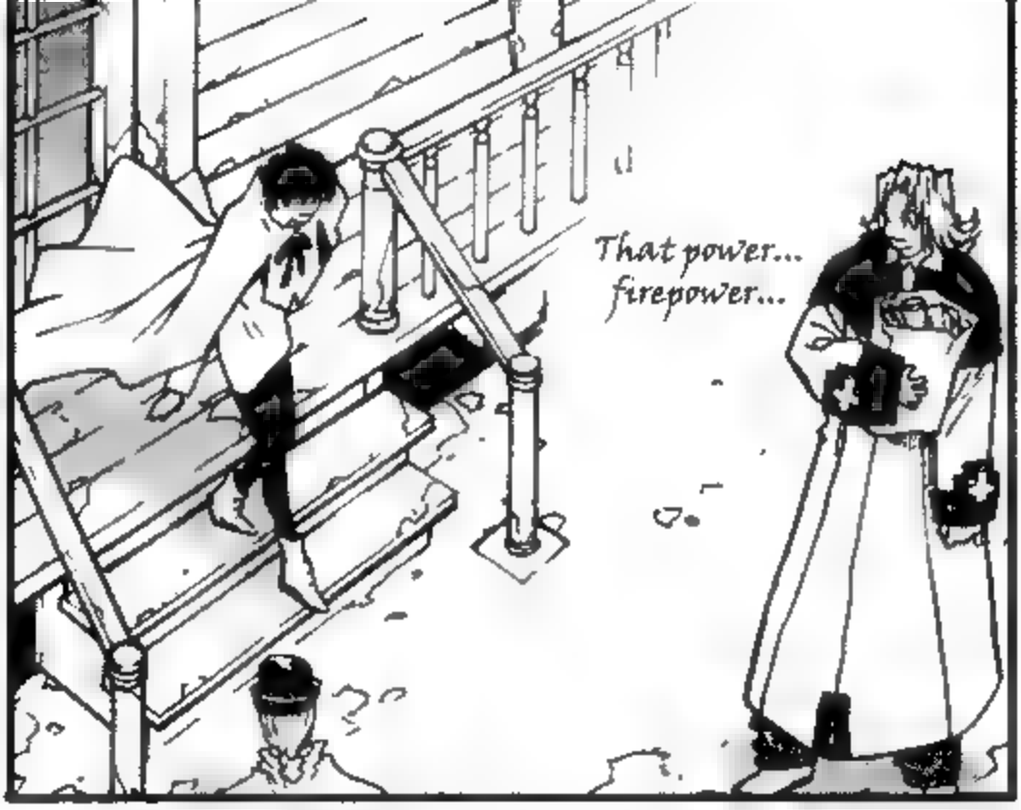
We go up against scum of the earth every damn day!
We NEED good guns... for the sake of peace!
We put our lives on the line...

Hmm... well, I'll be going now! Thanks!
?

That broom-headed idiot!

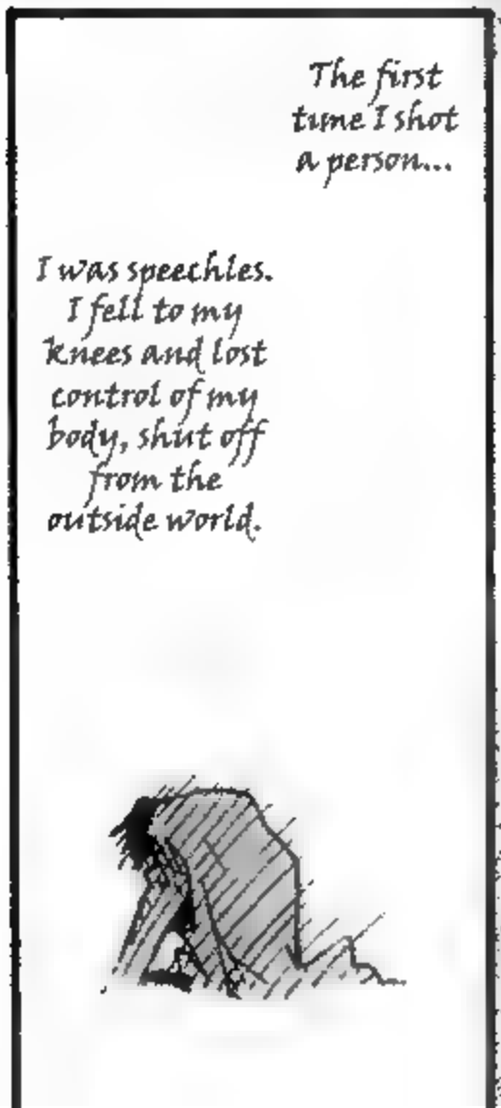
But he chose to do it for that bastard.

Even now, I still remember.

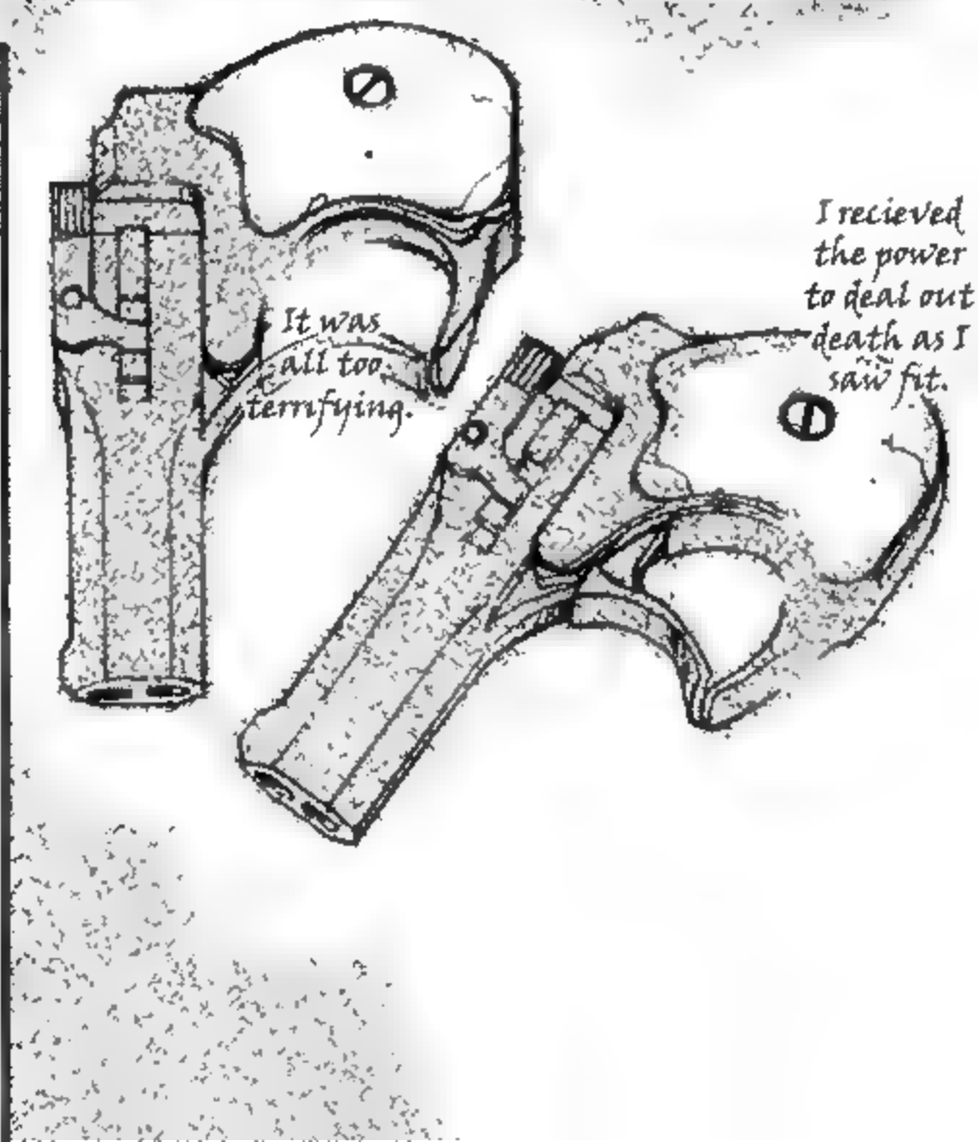


That power... firepower...

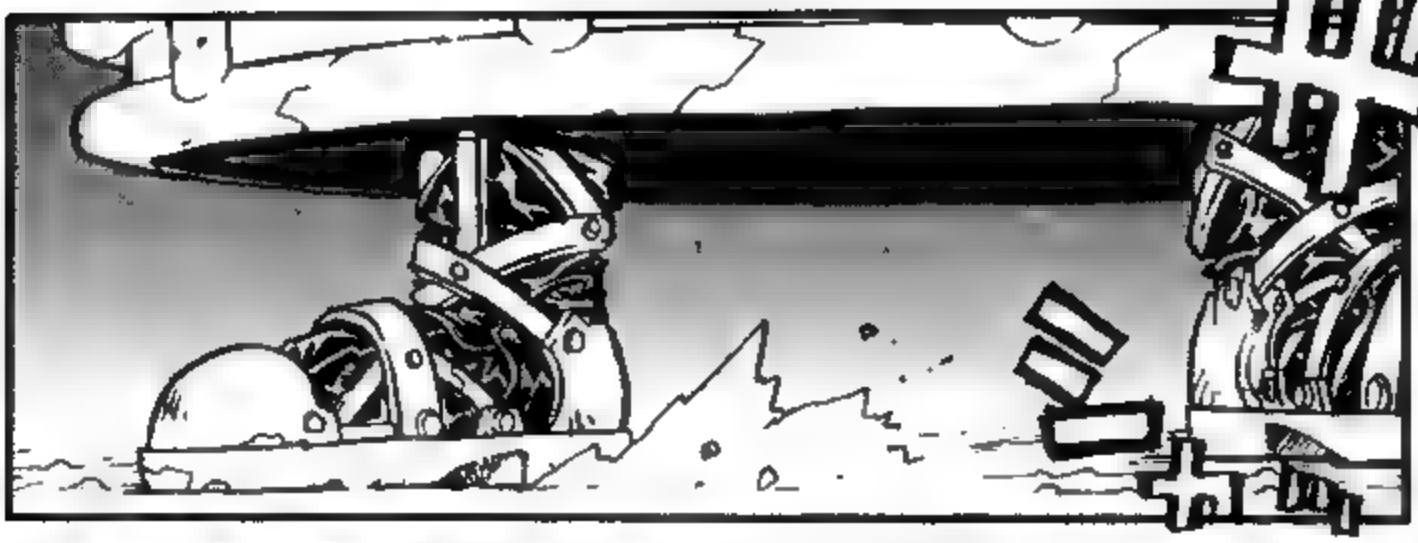
A single shot will level the playing field between you and a strong man.
Consider guns delicate! Women especially should learn to use them.

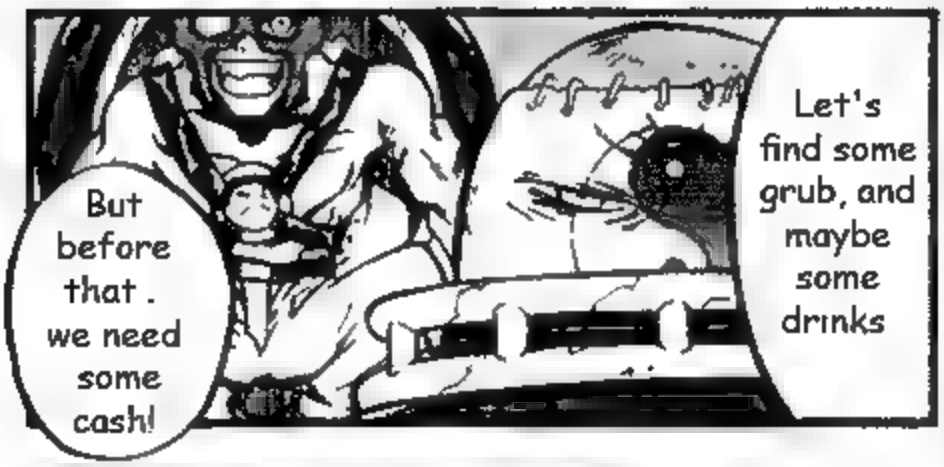


The first time I shot a person...
I was speechles. I fell to my knees and lost control of my body, shut off from the outside world.

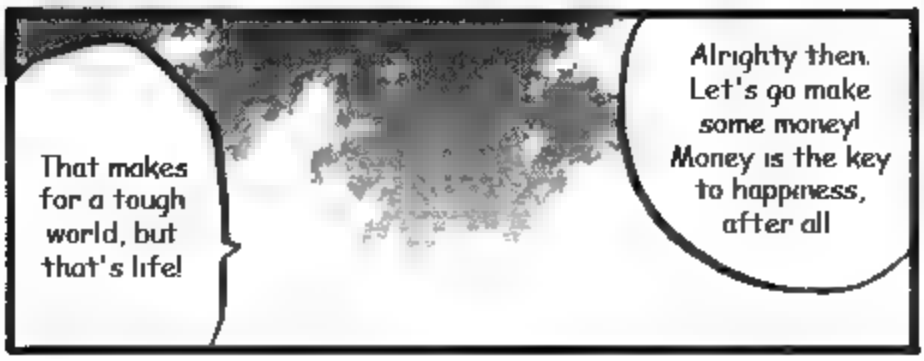


It was all too terrifying.
I recieved the power to deal out death as I saw fit.





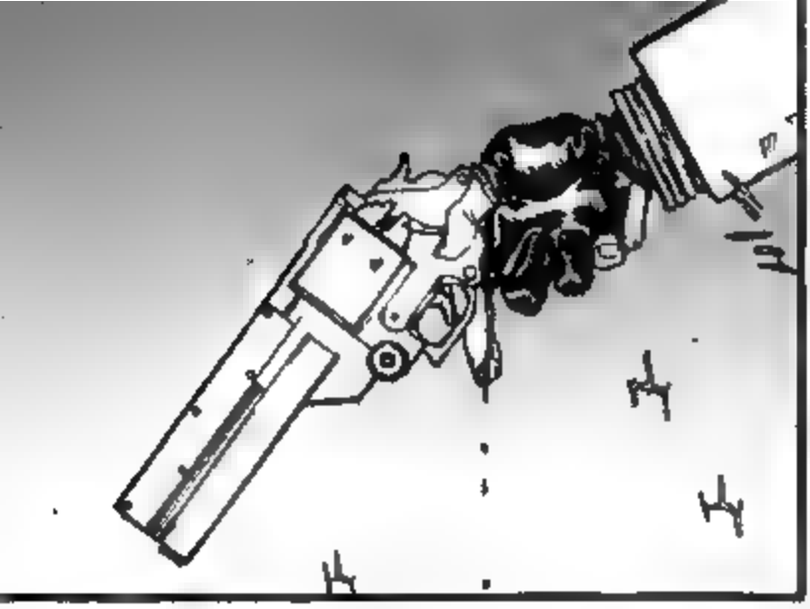
But before that . we need some cash!
Let's find some grub, and maybe some drinks



That makes for a tough world, but that's life!
Alrighty then. Let's go make some money! Money is the key to happiness, after all

So, how does it look, Yangwie?
Looks great to me, Yangwie! This is just want we want -- a tiny, rich little town.

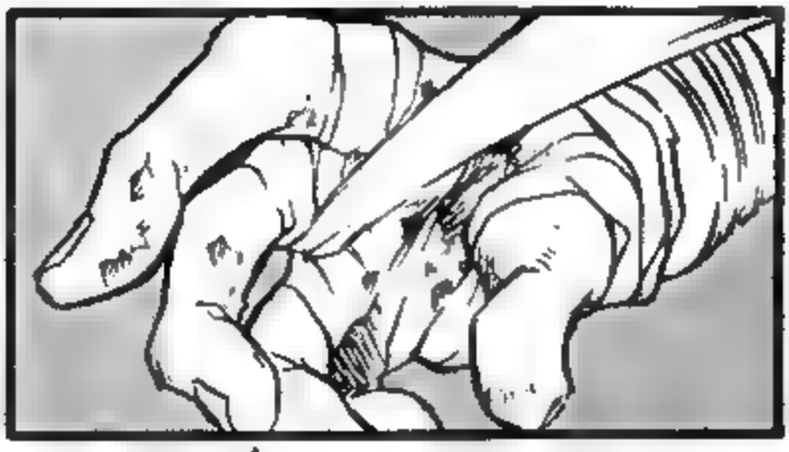
TINK
TINK
TINK
TINK
TINK



He really goes all-out.

Well, well, well

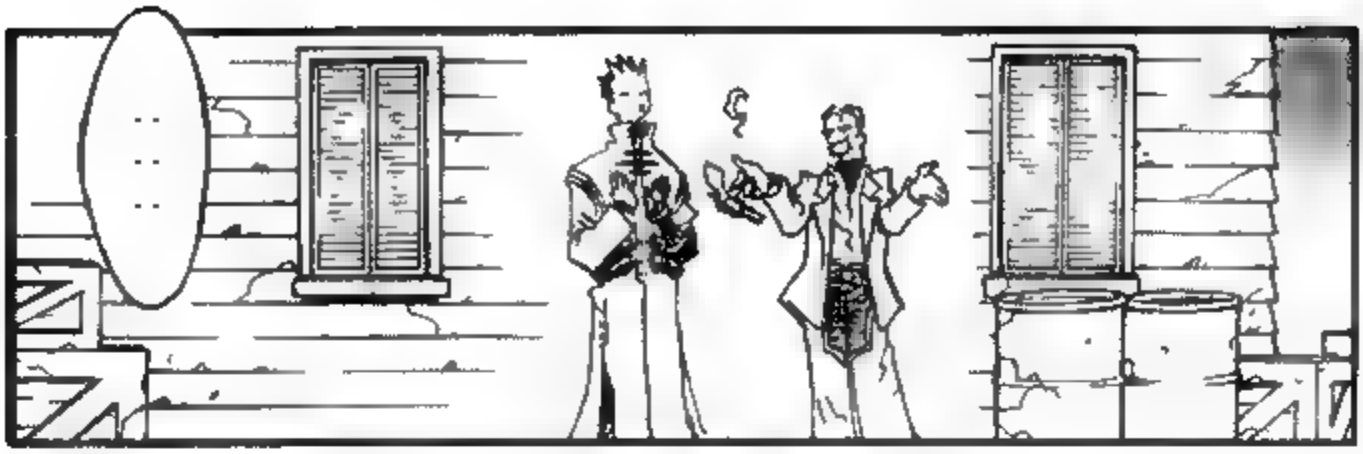
ZZZIP



!!

The hell...
IS THIS?!
I remember you from the saloon, Mr Sheriff!
You fired THAT many, and all you can do is this shit?!
My name's MURDOCK.
Don't forget that
I'll say one thing -- I don't like you.
Oh really? I couldn't tell...

This guy is the descendant of the legendary gunsmith, Frank Marlon
Brandon may be a drunk, but he sure knows his stuff
However..
I think I understand him now. The guy's lost his marbles.
He has so many holes in his head..
that counting them would just be a waste of time



. .
. .
. .

What I mean is. . you don't know shit
?!

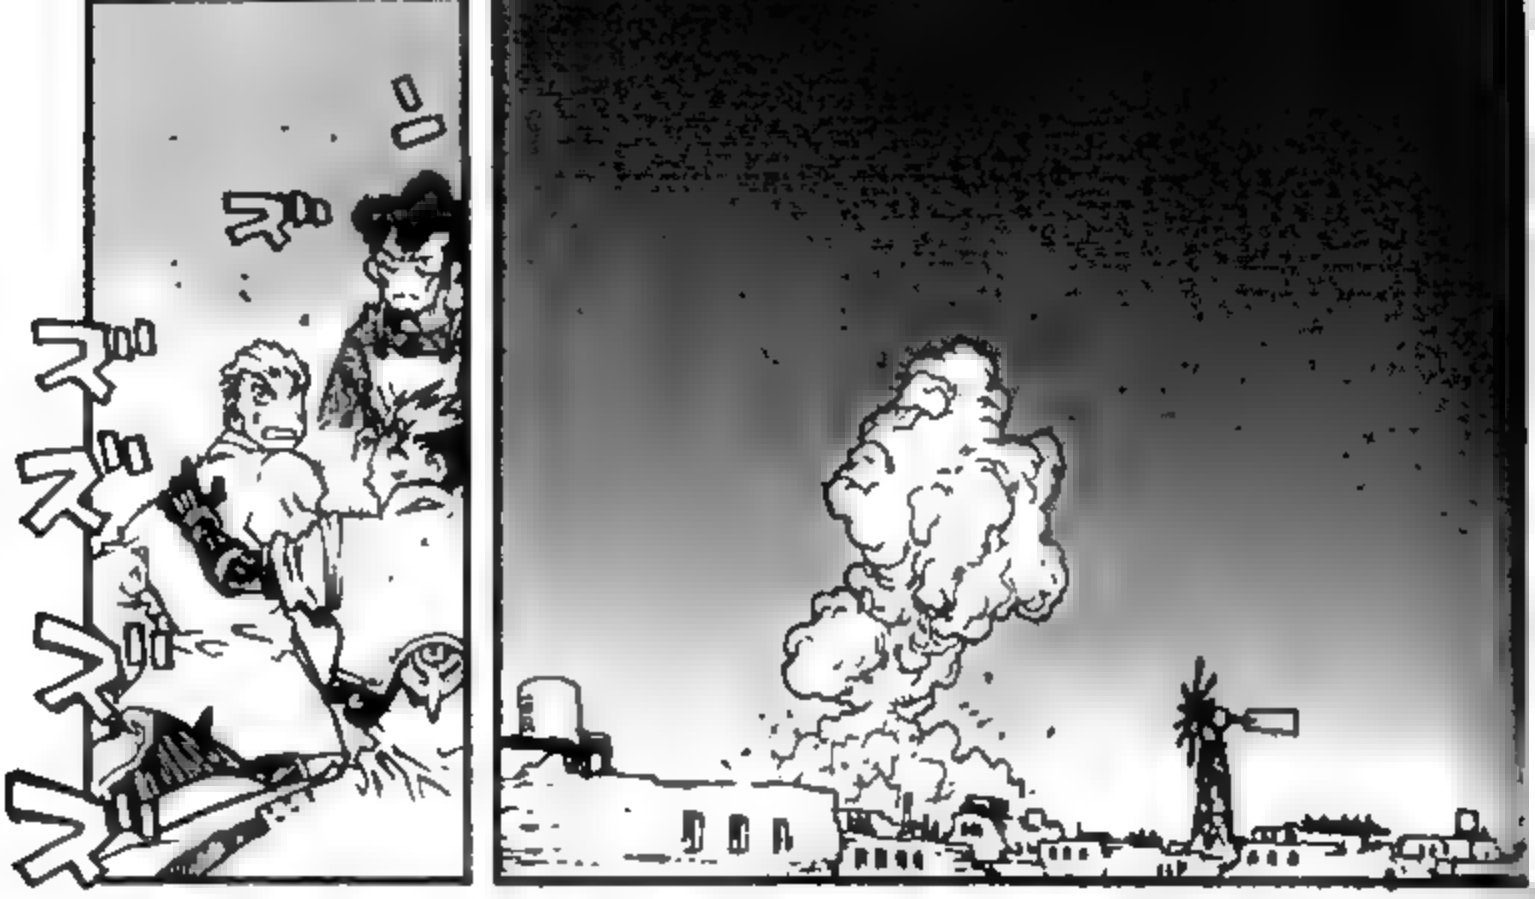
Dumbass.

You can die and be reborn a thousand times, and the answer will still be the same! NO FRIGGIN' WAY!!
Hey look at meee!! I fired a bullet!! BANZA IIII!!

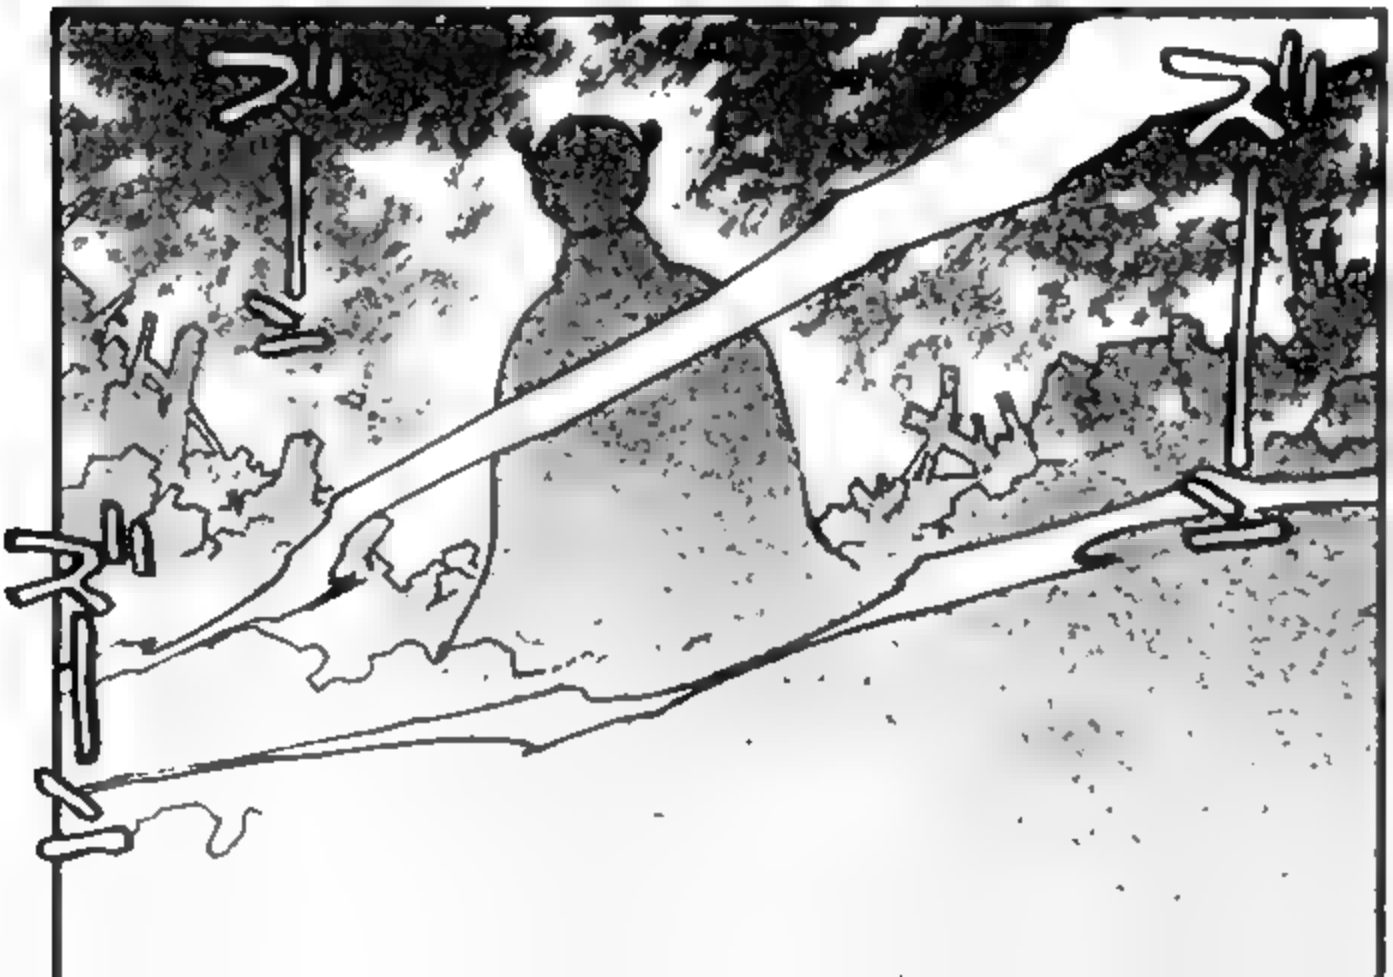
That itchy trigger-finger of yours just can't stay away from a gun.
YOU'RE the one who's lost his marbles

Let's go -- you and me! Draw your gun, damn you!
YOU WANNA PIECE OF ME!!

N?



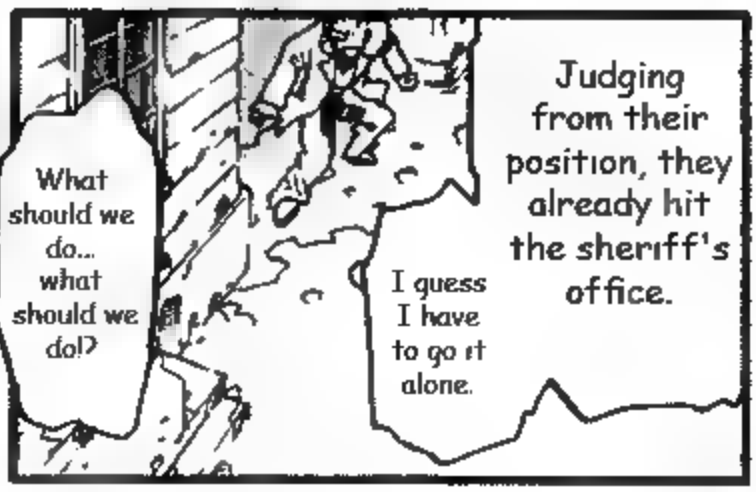
That's where the bank is!!
An explo-sion..?!



CLICK

What the hell IS that?!
Wha

Sempai... I'm frozen solid!
This is nothing compared to last time, Milly!
That's not nothing!!



What should we do... what should we do!?
Judging from their position, they already hit the sheriff's office.
I guess I have to go it alone.

I have a bunch of open shots!
It's slow, to boot.
Hold on, there's only one!

SPREET!
This is pretty much like a stand-off.
In any case, when he opens up to shoot his bombs, I'll get him.
...
...
...

HOTEL

HYAAAAAAAAA!!
HYAAAA!!

HERO !!
Soooooo .. hoooow doooes iiiit feeeel?!

Right here...
What a waste of time!!
If the bullets didn't tag ya then I guess there's only one solution! Man, you guys just can't take pain, can ya?

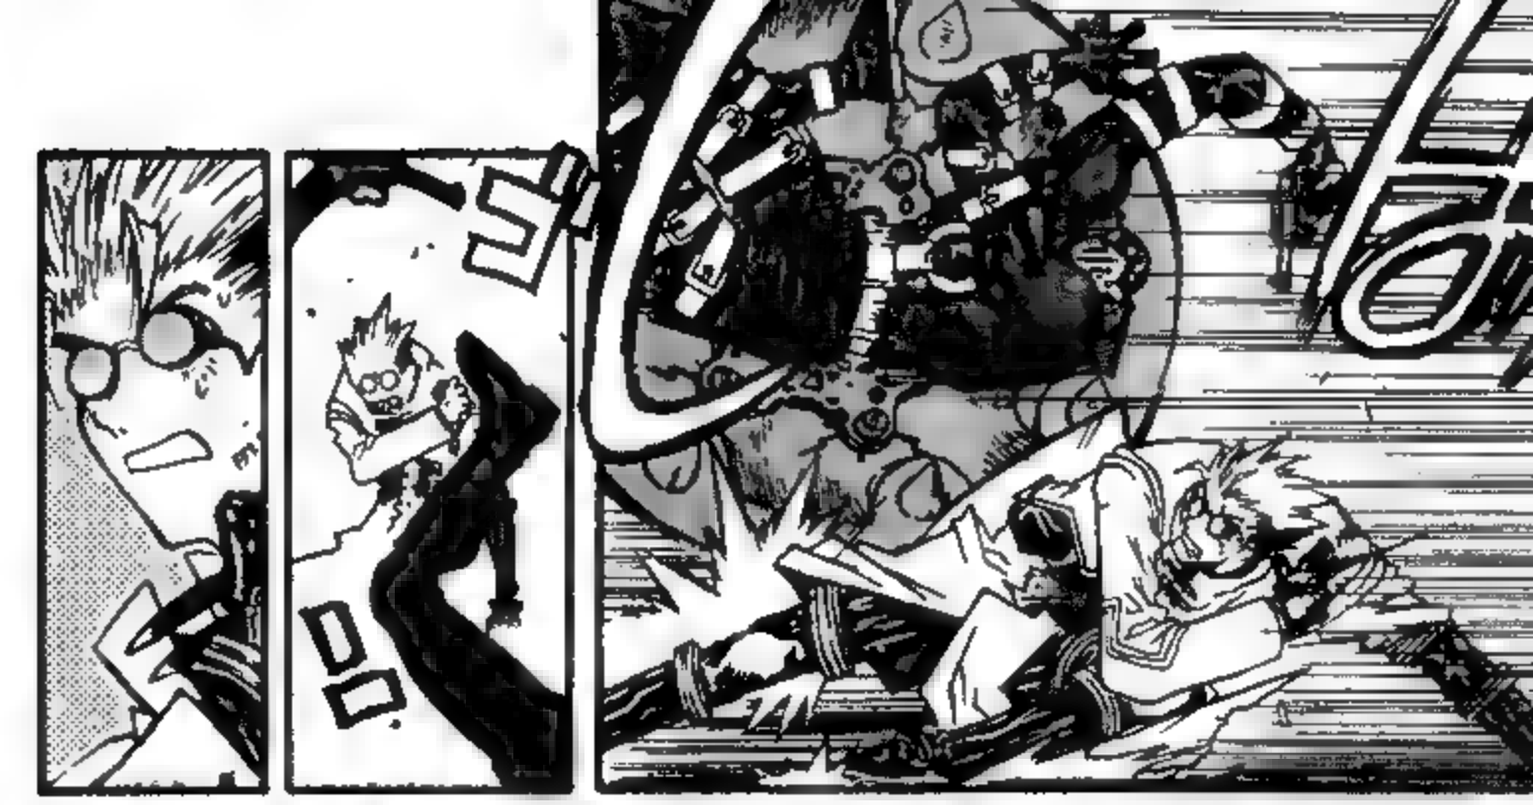
What the?!

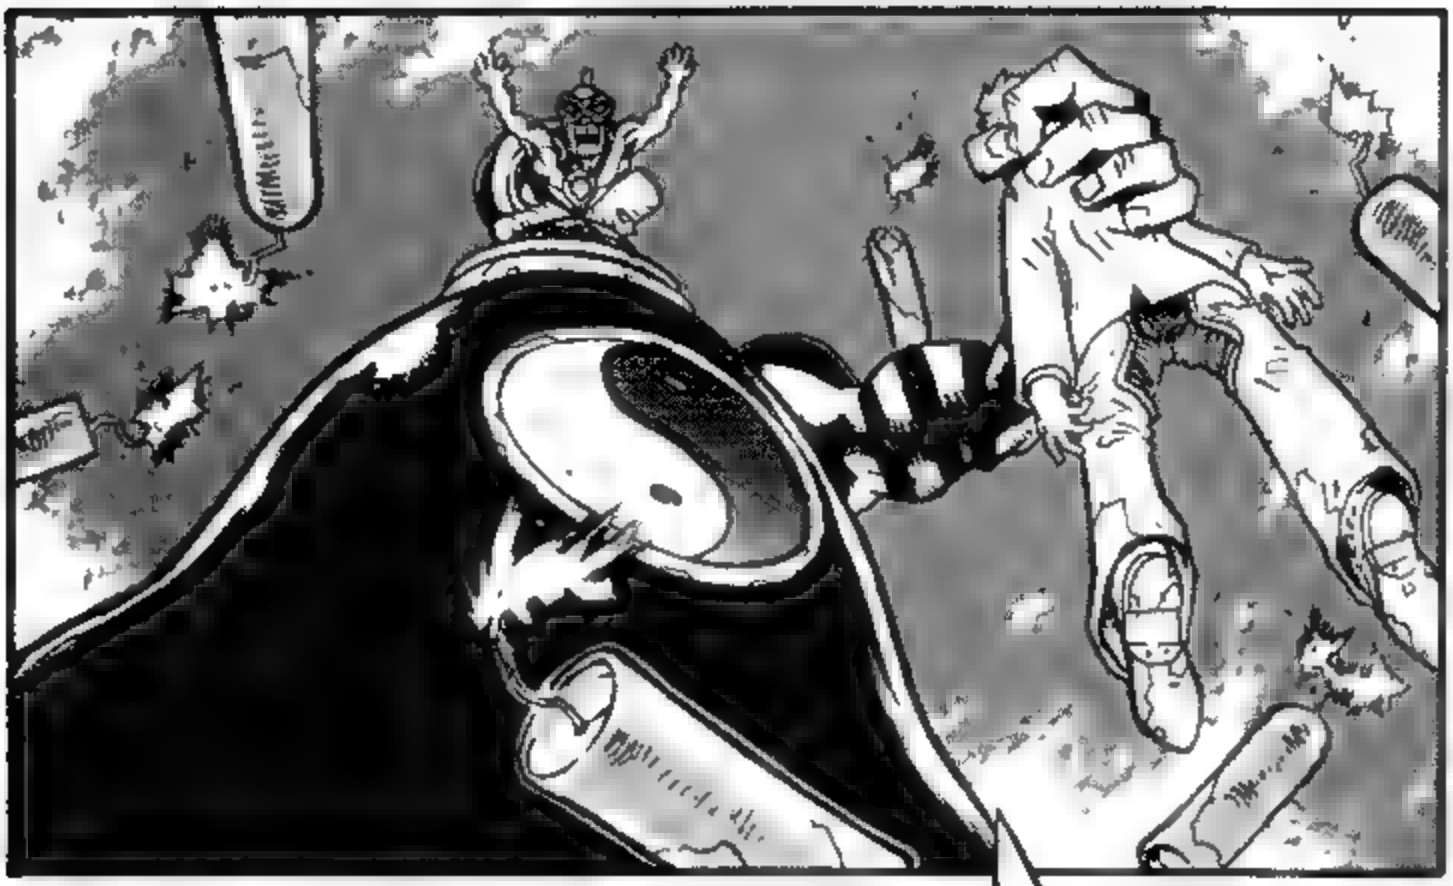


I'm someone you DON'T wanna fight!!
Who..
What do you say to letting that man go and running away?
Who the hell is this ><
If so, we can settle this without anyone getting hurt!
Whaddya want!

can he still even fire a gun?

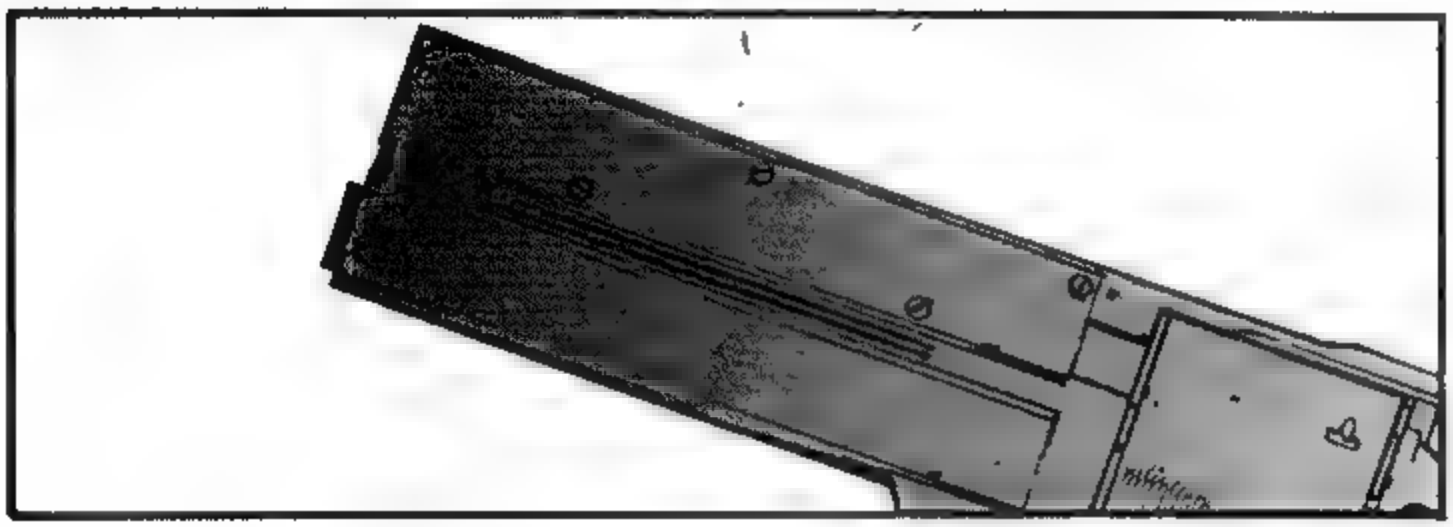
I forgot...

Now that he has recovered that memory... can he still shoot?



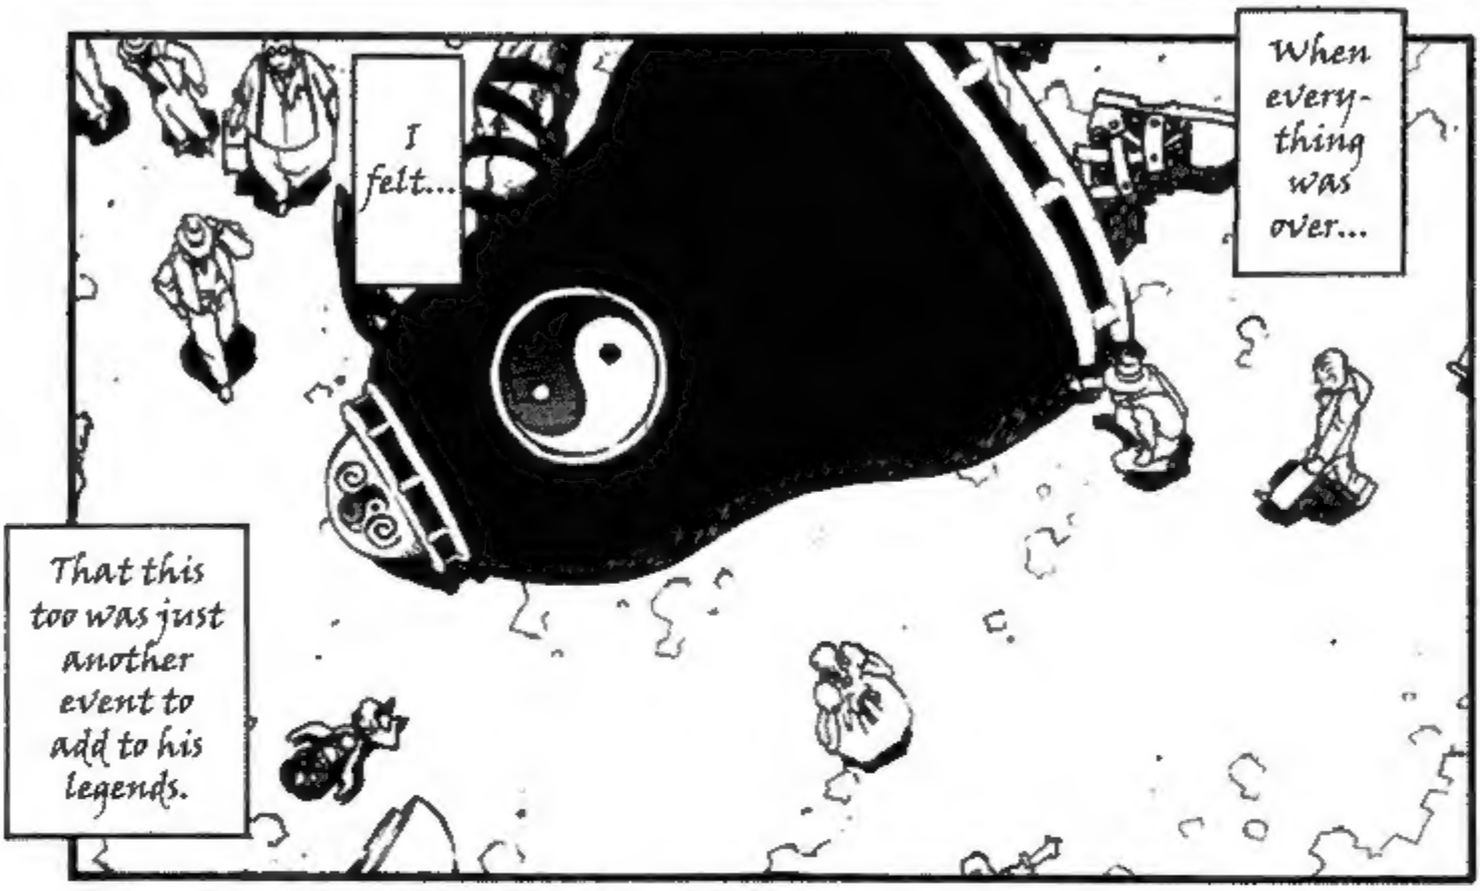
Feel sorry for yourself as I blow you to smithereens!

KEKE KEKE!!!
I'll give you a big surprise!!



He shot the fuses ?!
That dumbass can't even shoot a frozen target!
That's friggin' impos-sible!

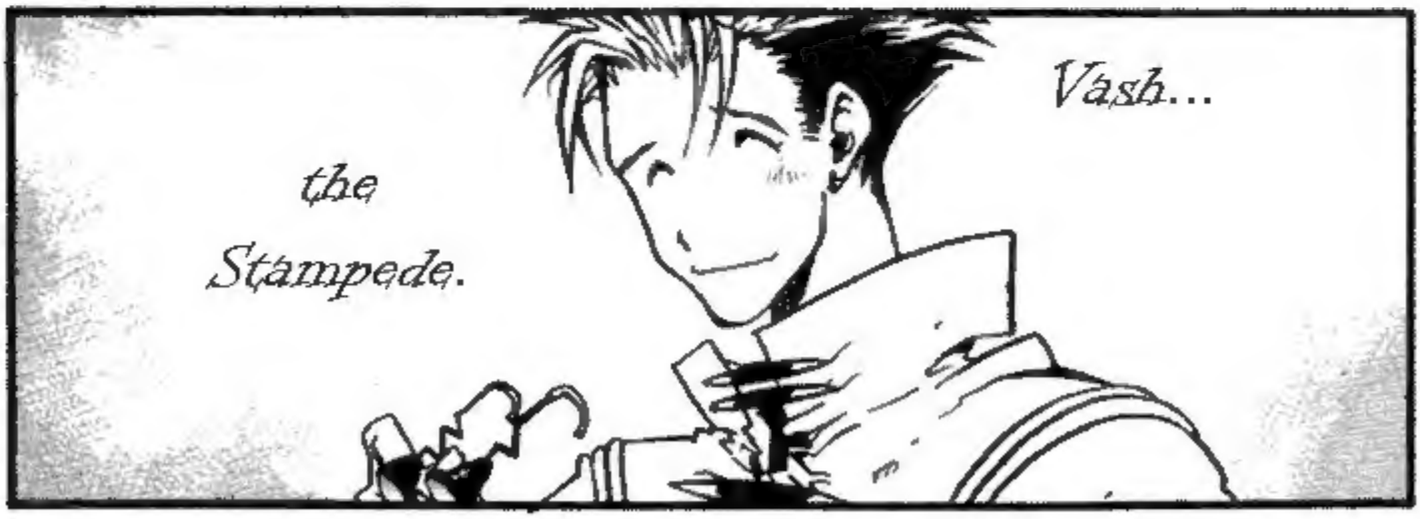
No... his can't be!!
He only missed the vital organs ...!
No way ...
All of those shots had gone through the same hole.
this can't be!!
He can shoot over and over again and never miss?
Light-nin'!
Catch!



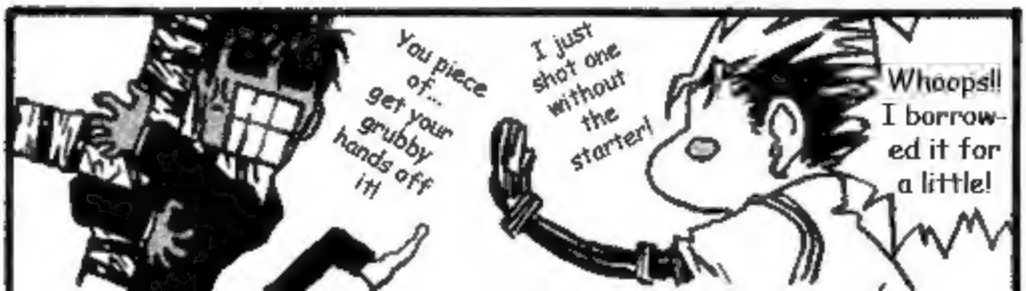
I felt...
When everything was over...
That this too was just another event to add to his legends.

was even stronger than all the regret he carries.
that his determination...

I felt...



Vash...
the Stampede.



You piece of... get your grubby hands off it!
I just shot one without the starter!
Whoops!! I borrowed it for a little!
